"Twill cure your cold—Ammen's Cough Syrup.

Many Druggists recommend and try to sell which pays them the largest profit. Do not be deceived, ask for Ammen's Cough Syrup. Take no other. The remedy stands on its own merits. You can buy a sample bottle for 15 cents, and test it yourself. Larger bottles at 50 cents and \$1. Ask to see larger size and read the wrapper.

For cough or cold there is no remedy equal to Ammen's Cough Syrup.

We think it unnecessary to go to a doctor and pay him to prescribe for a common cold. At the same time it is of the utmost importance to pay attention to it and get relief—or evil consequences may follow. We use Ammen's Cough Syrup. It has never failed yet to do all that is claimed for it, and we take pleasure in recommending it to our readers. If you have not tried this medicine, go to your druggist and ask to see a large bottle, and read the label.

On or about the 25th of last month came to Wood Ranch, a mile west of Carson, in King's Canyon, a gray mare. The owner can have the same by proving property and paying costs. n12-2w

A GRAND SCHEME.

A Syndicate to Control the Comstock Mines.

Yesterday a Carsonite who had been spending some time in San Francisco returned home with an astounding bit of intelligence. He stated to the APPEAL reporter that one evening last week, while a guest at the Union Club at a time when champagne corks were popping at a lively rate, a noted heavy capitalist for whom one cork too many had popped—but just enough to put him in a confidential frame of mind—told him that the most powerful syndicate ever formed in modern times is now being organized in New York, to control most of the Comstock mines from Utah to Silver Hill. In connection with which it was asserted that Mackay returned from Europe for no other purpose than to assist in furthering the scheme. The amount to be subscribed by the syndicate is fixed at \$200,000,000, and such men as Belmont, the Lorillards, Astors, W. H. Vanderbilt, Cyrus W. Field, and others of a like financial caliber are mentioned as being interested in the venture. The funds are not to be devoted to the further development of the Comstock lode, but rather to the manipulation of the bulk of the stock that is now afloat, which is eventually to be thrown upon the London, Parisian, Berlin and Vienna markets, and bulled until it is clear out of sight. A part of this syndicate's programme is said to be to get control of as much of the stock of the north end and middle mines as possible, for which purpose, it is intimated, values are being depressed by the aid of the Nevada Bank. When all the stock required by this powerful syndicate is purchased and securely locked up, then the uncovering of large bodies of ore, which could have been done a year ago, will be the next step to allure the European gudgeons, who will, by proper misrepresentation, be induced in most instances to pay the par value of the veriest wild cats. If this scheme proves successful, the chances are that within a twelvemonth the large European capitals will be drained of their specie and the New York syndicate will control the finances of the world. The forgoing may, perhaps, be accepted with some allowance by the incredulous, but the following circumstance adds much to strengthen the APPEAL's belief in the matter: About ten days since a distinguished looking man came from Virginia on the morning train and stopped at the Ormsby House until evening, when he departed for San Francisco. He did not register at the hotel, but from scraps of paper found in his room after his departure it is inferred that he is a member of the New York banking house of Henry Clews & Co. Among the paper scraps there was a note, which the stranger most likely cast aside without examining the contents, which read as follows:

"OFFICE NEW YORK CENTRAL R. R. Co., New York, October 29, 1881.

MY DEAR CLEWS: See Flood at once upon your arrival at San Francisco, and state that the other hundred million will be subscribed as soon as he is ready to "let loose the dogs of war." Use cryptograph Three. (Signed) VANDERBILT."

The above evidently has a bearing upon the operations of the syndicate, which may be sprung upon a gullible people at any moment.

"Alvin Joslin" To-Night.

After two nights of excellent tragedy Carson will this evening be favored with superb comedy. The Eastern press says that Charles L. Davis is imitable as "Alvin Joslin," a character fully if not more entertaining than "Joshua Whitcomb," or the "Messenger from Jarvis Section," besides he is supported by one of the best companies on the road. The play to be represented to-night is full of laugh-producing situations and dramatic merit. Those who desire to pass a really enjoyable evening will do well to reserve seats for this performance.

A Social Dance.

There will be a social dance at Empire on Friday evening, November 18th. Music by the Taylor Band from Genoa. No pains will be spared to make this party a pleasant affair. n17

State Taxes.

Yesterday, County Treasurer La Grave sent \$20,000 in gold coin to Carson, that being an installment of the amount of State taxes due from this county. This year the State tax is 90 cents on each \$100 valuation, which is 35 cents more than it was last year. Though the value of taxable property in this county is more than it was last year, and the rate of taxation, including State and county, the same, the county's proportion will not be much, if any, more than it was a year ago, as the county tax was then \$2 05, while it is only \$1 70 this year.—Silver State.

A THANKSGIVING PROCLAMATION.

The year now closing will be memorable in the history of our Government. A crime which appalled the American people and shocked the civilized world was committed upon the person of the Nation's Chief Magistrate. The profound grief occasioned by his sufferings and death still exist among all classes of our citizens. Yet it is a source of pride and thankfulness that, throughout the intense excitement attending the attack upon the late President, his long and heroic struggle for life, his death, and the consequent change of administration, law and order have reigned supreme. This evidence of governmental strength is a matter of especial gratulation. While the citizens of Nevada have not been favored with exceptional business prosperity, marked improvement is manifest, and the outlook for the coming year is bright. As a people we have cause for thankfulness.

Wherefore, in accordance with the proclamation of the President of the United States, I, John H. Kinkead, Governor of the State of Nevada, do hereby appoint and designate Thursday, the 24th day of November, A. D. 1881, as a day of Thanksgiving to the Supreme Ruler for the manifest blessings we enjoy, and urge upon the people of this commonwealth a hearty union in its appropriate observance.

JOHN H. KINKEAD,
Governor of Nevada.
